About

Dr. Mokhtar Asaadi

Double board-certified plastic surgeon Dr. Mokhtar Asaadi says his biggest critic is himself, and he wouldn't have it any other way. His philosophy: "If you are a perfectionist and you want to get the best results for your patients, you have to find better ways to achieve their goals. If something isn't right, do it again until it is perfect. Patients appreciate the extra time you spend." Patient safety is also of utmost importance to Dr. Asaadi and his team. "Cosmetic surgery is elective; there's no way I'd ever compromise a patient's well-being," he adds. Dr. Asaadi completed his post-doctoral training at Memorial Sloan Kettering Cancer Center, Southern Illinois University, Manhattan Eye, Ear and Throat Hospital and Cooperman Barnabas Medical Center in New Jersey, where he currently serves as Chairman of the Department of Plastic Surgery.

"It's all about the eyes!"

Upper and Lower Blepharoplasty

Unhappy with the hooded eyes and under-eye-bags that made her to look tired, this 35-year-old patient sought Dr. Asaadi for his unique approach to eye surgery and correction of festoons.

Body Sculpting + Tummy Tuck

This 36-year-old mother underwent a tummy tuck with liposuction, a panniculectomy, diastasis recti repair and excision of her c-section scar. The after photo was taken three weeks post surgery.
