# About

## Dr. Mokhtar Asaadi

**Double board-certified plastic surgeon Dr. Mokhtar Asaadi says his biggest critic is himself, and he wouldn't have it any other way.** His philosophy: "If you are a perfectionist and you want to get the best results for your patients, you have to find better ways to achieve their goals. If something isn't right, do it again until it is perfect. Patients appreciate the extra time you spend." Patient safety is also of utmost importance to Dr. Asaadi and his team. "Cosmetic surgery is elective; there's no way I'd ever compromise a patient's well-being," he adds. Dr. Asaadi completed his post-doctoral training at Memorial Sloan Kettering Cancer Center, Southern Illinois University, Manhattan Eye, Ear and Throat Hospital and Cooperman Barnabas Medical Center in New Jersey, where he currently serves as Chairman of the Department of Plastic Surgery.

### "It's all about the eyes!"

#### Transformative Results

The 53-year-old patient underwent Dr. Asaadi's signature lower blepharoplasty and correction of festoons, which involved canthopexy, orbicularis muscle suspension and a short scar temporal lift.

#### Festoon Free

Dr. Asaadi successfully eliminated the under-eye bags that had been bothering the patient. Four years post-op, she continues to look amazing and is free from festoons.
