About

Dr. Mokhtar Asaadi

Double board-certified plastic surgeon Dr. Mokhtar Asaadi says his biggest critic is himself, and he wouldn't have it any other way. His philosophy: "If you are a perfectionist and you want to get the best results for your patients, you have to find better ways to achieve their goals. If something isn't right, do it again until it is perfect. Patients appreciate the extra time you spend." Patient safety is also of utmost importance to Dr. Asaadi and his team. "Cosmetic surgery is elective; there's no way I'd ever compromise a patient's well-being," he adds. Dr. Asaadi completed his post-doctoral training at Memorial Sloan Kettering Cancer Center, Southern Illinois University, Manhattan Eye, Ear and Throat Hospital and Cooperman Barnabas Medical Center in New Jersey, where he currently serves as Chairman of the Department of Plastic Surgery.

"It's all about the eyes!"

Youthful Rejuvenation

Tired of deep forehead wrinkles that aged her, this 45-year-old had a coronal foreheadplasty and temporal fascial graft for a smoother, refreshed appearance.

Beautiful Outcome

After a major weight loss, this 49-year-old patient wanted to streamline her physique. Dr. Asaadi performed a tummy tuck and breast augmentation and lift to complete her body transformation.
